Tips for Customizing Your Resume

Author : ecxmlrpc

Date : April 23, 2012

In this article, Physician Assistants (PA's) are given suggestions on how to better write/re-work their resume in a working smarter, not harder philosophy. Tips such as utilizing a master resume and then tweaking it is explained. The article specifically mentions areas that should be on the resume such as demographics of the patients a PA works with as well as health conditions as PA handles.
